March 31<sup>st</sup>, 2022

### **End of life of the CM4 series**

Dear Valued Customer / Partner,

TDK-Lambda have decided to discontinue manufacture of the CM4 series by 31<sup>st</sup> March 2023

We realise that some customers who have purchased these models in the past might have the need to purchase additional identical units either as spares or to use where they have been designed-in to OEM equipment.

Therefore the “last time buy” opportunity is available up to September 30<sup>th</sup>, 2022 and a last ship date is March 31<sup>st</sup> 2023.

Beyond this date you may purchase an equivalent model, the VCCM600M series from VOX Power Ltd. <https://www.vox-power.com/>

For further assistance, please contact your local TDK-Lambda sales department, or your usual field sales contact or via our web-site at <http://www.uk.tdk-lambda.com/> where you can also find data on all of our current products and our comprehensive product selector web tools.
