## End of life announcement – DT150PW-xxx-C

Through continuous improvement and the Level VI efficiency/no load requirements of the European Union Code of Conduct Tier 2 and North American Department of Energy, the DT150PW-xxx-C series (Level V) will not be updated to IEC/EN/ UL62368-1, the DT150PW-xxx-C series will be discontinued and replaced with the **DT150PW-xxx-D series (Level VI)\***.

We realise that some customers who have purchased these models in the past might have the need to purchase additional identical units either as spares or to use where they have been designed-in to OEM equipment. Therefore we are offering a “last time buy” opportunity as per the dates in the table below:

Obsolete series	Models	Last order date	Final ship date	Replacement
DTM-150W-xxx-C	DT150PW120-C	9 <sup>th</sup> October 2020	4th December 2020	DT150PW120-D
	DT150PW160-C			DT150PW160-D
	DT150PW190-C			DT150PW-190-D
	DT150PW240-C			DT150PW240-D
	DT150PW360-C			DT150PW360-D
	DT150PW480-C			DT150PW480-D

\*The DT150PW-xxx-D meets Level VI efficiency with < 0.21W no load power. All other form, fit and function parameters are the same as the DT150PW-xxx-C

All orders are non-cancellable and non-returnable.

For further assistance, please contact your local TDK-Lambda sales department, or your usual field sales contact or via our web-site at <http://www.uk.tdk-lambda.com/> where you can also find data on all of our current products and our comprehensive product selector web tools.
