

Gold Award from EcoVadis

TDK-Lambda Germany receives the Gold award from EcoVadis for its commitment to Corporate Social Responsibility (CSR) for the second time

TDK-Lambda Germany has once again been awarded Gold status in the EcoVadis sustainability rating. This puts TDK-Lambda Germany in the top five percent of all companies rated by EcoVadis worldwide. The award reflects the outstanding quality of the company's CSR performance and confirms its commitment to sustainability. EcoVadis is the world's largest and most reliable provider of sustainability rankings for companies. The EcoVadis CSR analysis system evaluates commitment in the areas of environment, ethics, labor and human rights as well as sustainable procurement in a comprehensive process. Factors such as industry, size and location of the company are also included in the assessment. Thousands of companies currently work with the EcoVadis platform and use universally comparable scorecards, benchmarks and tools to improve their sustainability performance. The EcoVadis assessment enables companies to objectively analyze their CSR activities and identify opportunities for improvement. The network also supports companies in developing suitable measures to achieve their sustainability goals in the long term. The current EcoVadis report underlines that TDK-Lambda Germany scored very highly in all areas, especially in the environmental category.
