

Configurable Power Supplies XMS500 Range

TDK-Lambda

Points clés produit

- Certifications industrielle 60950 et médicale 60601
- Isolation norme médicale 'BF ready'
- Courant de fuite inférieur à 150 μ A
- Isolation de sécurité classe II en option

Spécifications essentielles

- Puissance de sortie 500W
- Entrée universelle 90-264VAC
- Sortie continue 12V, 24V, 36V ou 48V
- Signaux de commande et de contrôle

Applications typiques

- Equipement médical, hospitalier, dentaire, clinique
- Télémédecine, hospitalisation à domicile
- Imagerie
- Equipement de laboratoire

Product Highlights

- Industrial (60950) and medical (60601) approval for wide range of applications
- BF ready medical isolation
- Earth leakage current less than 150 μ A
- Safety Class II option

Key Specifications

- 500W
- 90 – 264VAC wide input voltage,
- 12, 24, 36 and 48V DC models
- Various standby supply options

Typical Applications

- Hospital, Dental, Clinical and Healthcare Equipment
- Home healthcare
- Imaging
- Diagnostic applications
