9th July, 2019

End of life announcement – IJA, IJB and IJC DC-DC converters

TDK-Lambda has received an unexpected EOL notification from the supplier of the control IC used in our digitally controlled iJA, iJB, iJC series of DC-DC converters. Without a suitable alternative component, we are offering a last time buy for these products. Unfortunately we do not have suitable replacement products.

TDK-Lambda recognizes that as a past or current customer of these products, you may require additional units until substitution testing is complete or for service spares. We are offering a last time buy opportunity until 16 September 2019 (subject to availability of the remaining ICs), with a last time ship date of 30 September 2021.

Obsolete Models	Last order date	Final ship date	Replacement
IJA12025A007V-001-R	16 th September 2019	30 th September 2021	Not available
