January 2011

## Customer Information

To avoid confusion with model numbers being broadly similar to existing competitor products, TDK-Lambda has decided to rename the LD12 series to the AL12 series.

<b>Current Product Name</b>	<b>New Product Name</b>
LDC12-18-R70	ALC12-18-R70
LDC12-36-R35	ALC12-36-R35
LDV12-12-1R0	ALV12-12-1R0
LDV12-15-R80	ALV12-15-R80
LDV12-24-R50	ALV12-24-R50

In addition, we are making two product enhancements:

1. Changing to double insulated wires for both the input and output
2. Adding PSE mark certifications.

(PSE is the mandatory mark for Japanese appliances)

The above change will be phased in; starting with units scheduled for February 2011 manufacture.

We apologise for any inconvenience caused, please contact TDK-Lambda if you have any questions.

Martin Southam
